Safe

Looks safe

The URL <https://cbr.ru/> has been assessed as 'Safe' with a threat score of 14. The domain matches the canonical domain of the Central Bank of the Russian Federation with a high confidence score of 0.9. The SSL certificate is valid, and the domain has a low risk profile with no suspicious keywords or typosquatting patterns detected. The content of the page includes the legitimate brand name in the title and form actions, which are directed to the real brand's domain. However, there are missing security headers and a low HTML similarity score, which are minor concerns. The domain's age and reputational indicators are stable, and there are no reports of abuse or phishing activities.
